

DECLARATION
(CONTINUATION-IN-PART APPLICATION)

As joint inventors named below, we hereby declare that:

Our residences, post office addresses and citizenships are as stated below next to our name;

We verily believe we are the original, first and joint inventors of the invention entitled PGI₂ Pharmacologically Acceptable Salts (Attorney Docket No.: 3427A-8) described and claimed in the attached specification;

This application in part discloses and claims subject matter disclosed in my earlier filed pending application, Serial Number 819,940, filed 28 July 1977, which is a continuation-in-part of Serial No. 725,550, filed 22 September 1976, now abandoned; which was a continuation-in-part of Serial No. 716,770, filed 23 August 1976, now abandoned;

We do not know and do not believe that the same was ever known or used in the United States of America before our invention thereof, or patented or described in any printed publication in any country before our invention thereof or more than one year prior to the effective filing date of this application, that the same was not in public use or on sale in the United States of America more than one year prior to the effective filing date of this application, that the invention has not been patented or made the subject of an inventor's certificate issued before the effective filing date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns more than twelve months prior to the effective filing date of this application;

We acknowledge our duty to disclose information of which we am aware which is material to the examination of this application;

No application for patent or inventor's certificate on this invention has been filed in any country foreign to the United States of America prior to the effective filing date of this application by me or my legal representatives or assigns except as follows:
